

ART OF SCIENCE COMPETITION

a celebration of the aesthetics of science

- prizes open only to undergraduate and graduate students, but works submitted by Caltech post-docs, faculty, and staff will still be considered for display in the exhibit.
- submissions may include imagery created during research or 2D/3D art forms based on scientific subjects, tools, concepts
- submissions include 1+ images or videos & a caption to explain context of the piece
- for microscope or telescope images, include image dimensions in description
- selected entries to be displayed in Chandler Art of Science gallery with the three winning submissions
- more information at www.artofscience.caltech.edu
